

Elite Bath Inc..

Website Sales Policy

The core of Elite Bath product sales is based off high end, kitchen & bath showrooms that display our products throughout the US. We are only willing to support the efforts of a few internet sites that recognize this and in no way act to compromise Elite Bath's relationship with these showrooms through deep discounts or in any way presenting Elite Bath products as a discount or commodity product.

Companies interested in selling Elite Bath Products via the internet must have prior written permission from Elite Bath LLC.

Companies selling Elite Bath items on the internet may in no way misrepresent Elite Bath products, policies, procedures, or standards.

Discounting of the current suggested list price shall not exceed 20% and only if free shipping is not offered. If you wish to offer free shipping your list price must be no more than 10% off full suggested retail.

Failure to comply with the above stated policy will result in notification that Elite Bath Inc. will cease to honor future purchase orders.

We understand that certain customers will always utilize the internet for purchases. With these policies we can assure that every customer buying Elite Bath product will receive the same services and satisfaction.

Thank you for your understanding. We look forward to the business we can grow together.
